From the President:

Hello my fellow numismatists and LVNS club members. In just a few more days, we will be welcoming the King and Queen of American coins, along with several ANA representatives, our loyal show dealers, and hopefully, thousands

of visitors. This is one of the most important and expensive events the LVNS has ever undertaken. Leading the way behind the scenes has been the generous and dedicated time, service and contributions of many LVNS members. We have been holding extended board meetings and weekly get togethers to discuss and work out all the ideas and details to pull this historic show off. Now the curtain is about to rise and I am still worried that we haven't done enough or worked out all the details. I guess time will tell. The eyes of the numismatic community from all across the country will be upon us. I have been getting phone calls and comments from people all over the place. One dealer I spoke with recently said he wished his local club was as active as our club. Friends, we have a lot to live up to and be proud of. Each and every one of you has a part to play to make this show successful. We need all the help we can get. We need club members to just walk the floor, wear our new club ID vests, and be ambassadors to the crowd. Please see Fred Kuch at this next meeting to sign up or for more information. If nothing else, please make sure you ALL come to the show, tell and bring your neighbors and friends. Remember, Westgate does NOT charge for parking. Use the valet service area for closest access. We will have extended presentations, videos, lots of YN activities, and of course a great raffle. Don't miss out on this rare opportunity to see two of the most historic and valuable US coins along with a collection of Nevada currency and error coins. You may never get this chance again! Please don't let me or your club down. See you at this next meeting on Saturday, May 13. Thanks for everything !

Young Numismatist's Monthly Discussion

The "Nickels" of the 20th Century

- 1. How many design "types" (nickels) were produced during the 20th century?**
- 2. Which design "transitioned" from the 19th to the 20th century?**
- 3. How many different Presidents have been featured on the five cent coin?**
- 4. Which single years might be assembled into a type set?**
- 5. Which 1913 coins can be considered "regular" issues?**
- 6. Which year served as the transition year from the Fraser coin to the Schlag designed coin?
What are the "common" names for those coins?**
- 7. Which mints produced which designs?**
- 8. What are some of the "key" coins for each of the design "types"?**
- 9. When (what year) and why was the metallic composition of the nickel changed?**
- 10. Has the U.S. mint produced any "commemorative" nickels?**
