

SEPTEMBER 2022 ISSUE

MESSAGE FROM OUR PRESIDENT

Hello dear friends.

It is once again that I am writing this letter with a heavy heart. We just recently lost our brother, Artie Spear. Art was one of the most kind, generous, humble, and devoted men I have ever met. His service to our club spanned many years as a board member, treasurer, and various committees. He will be sadly missed by his wife, Lyn, his family, and of course, all of us.

This past weekend, the LVNS worked with our show promoters at their Vegas National Coin Show at Palace Station. We conducted a coin raffle and a successful coin auction. The crowds and the dealers were pleased with the outcome of the show. The next show is scheduled for November 18-20. Thanks to all the club members who helped throughout the show with set-up, tear-down, raffles, auction, etc., and especially to Craig for presenting his collection of error star notes, and to David Seinder for displaying his Winnemucca nugget. It was fun.

At this next meeting on Saturday, September 10, we will hold nominations for officers and board members of the LVNS to serve in 2023. Give it some thought if you are interested in participating or if you want to nominate a club member.

The amendment to the LVNS Constitution By-laws, held at the last meeting, passed overwhelmingly. Congratulations to all our students receiving scholarships this semester.

The YN 's 4th annual auction will be held at the October 8 meeting.

That's it for now, see you at the meeting.

Joe

Arthur Harrington Spear, Jr.

MARCH 8, 1934 – AUGUST 27, 2022

We would like to send out Get Well Wishes to **Dick Askew**, who fell and suffered a re-injury to his hip, requiring surgery! Now Dick and Patricia will both be walking like penguins for awhile, as they both have the same injuries!

Dick is in UMC currently , but will be going to a rehab shortly. You may contact Maria for further information.

We also have learned that **Jim Shands** has incurred another injury to his hand/arm. We don't have full details, but would like to wish Jim a speedy recovery! His assistance to Joe in bringing all of the necessary things needed to put on our meeting is invaluable!

And please remember **Glenn Goodale** when you are sending out good wishes. Hopefully, he will soon be able to attend meetings once again! If we have missed anyone, or if you would like anyone to be included in our next newsletter, please let Patricia or Joe know! Thanks!

We also have learned that the Stutz Family has suffered a loss.

Mr. Stutz's Mother passed away recently. We send our condolences to the entire family.

PLEASE DON'T FORGET THAT WE STILL COLLECT CAN TABS
for The Ronald McDonald House. You can bring them to any
meeting and we will see that they get to the place where they will
do the most benefit!

NOMINATION TIME

September is the month that we nominate members for Officers and
also for

positions on the Board. This is the time when you, our members, get
to

decide who will be representing you in maintaining the position of
this coin club as one of the BEST in the country! Some of those cur-
rently holding office wish to continue and would appreciate if they
are nominated once again. Others have decided it is time to let
someone else step in, and will not be
accepting a nomination this year.

So, if you have the time and the volunteer spirit inside of you,
please, think hard about becoming more active by running for a posi-
tion either as an Officer or on the Board!

It's truly a lot of fun getting involved!

COIN CRAZY

BY Bob Held

THE ORIGIN OF MONEY

Money: Simple definition; Anything that can be used to make a payment where the recipient trusts that he can use it to make another payment.

Trade items such as coins and other diverse forms of money have been used for barter or trade for thousands of years. The exchange of goods or items that were needed, established customs and rules on how various items should be valued.

The exchange of goods for trade was established when both parties agreed the trade was fair.

Trade routes covering 775 miles using Anatolian Obsidian (clear volcanic rock) as money dates back to 7500 B.C. Flint mining in Britain dates back to 4000 B.C. Flint tools could be exchanged for food and other goods. Just a few hundred years ago, British rule used tobacco, lumber, furs, musket balls and beads which took the place of scarce silver and gold coins. Country pay is still used today in rural areas for barter of farm products.

Most cultures and societies have agreed that precious metals, gold, silver and copper, always have value for exchange. The Mesopotamian Cuneiform tablets mention silver being weighed to official standards for rents, taxes and compensation circa 2400 B.C. Gold was adopted for monetary use after silver and copper.

QUESTIONS? PLEASE ASK

MEANINGFUL MOMENTS WITH JIMMY MIGS

A policeman stops a car. The driver of the car fits the profile of a wanted man that was associated with a theft.
The policeman says to the driver "Where were you between 7 and 8?"
The driver thought for a minute and then answered "I think I was in the First Grade!"

☐ No additional fees!

☐ Payment: Cash or Good Check.

☐ Catalog available with the October newsletter.

☐ Inspection prior to start of sale.

Deadline to consign: September 24th, 2022- **No exceptions!**

ONLY 3 MORE MONTHS

I KNOW...I KNOW.....

It seems like we are rushing things. But, we really are not.
Christmas is just a few months away, and so is our annual
Christmas Banquet!

This year, the banquet will again be held at the
Las Vegas National Golf Club! Everyone seemed to enjoy it last
year so why fix it if it isn't broken? There may be changes here
and there, however, that is still all in the works!
But, the reason we are mentioning the banquet is because we
have had several members ask about
donating for the gift baskets.

To cut down on costs, it would really help to get a lot of
donations. So what we are asking, is if you know of any
businesses that might
donate items or gift cards, please get in touch with either
Patricia or Diana.

Your help will be greatly appreciated by everyone!
Let's make this year's banquet one that we will remember for
many years to come!

Who invented the first coin?

Coins were introduced as a method of payment around the 6th or 5th century BCE. **The invention of coins is still shrouded in mystery:** According to Herodotus, coins were first minted by the Lydians, while Aristotle claims that the first coins were minted by Demodike of Kyrme, the wife of King Midas of Phrygia.

What is the biggest treasure find in history?

The largest monetary treasure haul found was on the wreck code named **Black Swan**, discovered by Odyssey Marine Exploration in 2007 off of Gibraltar. The salvage team reportedly found 17 tons of coins valued at \$500 million; an amount that is both staggering and said to be “unprecedented” in the treasure hunting world.

What is the most recent treasure to be discovered?

A buried treasure has been recovered after spending centuries underwater. Explorers have found numerous artifacts from the Nuestra Señora de las Maravillas, which translates to “Our Lady of Wonders.” The nearly 900-ton Spanish ship sunk in 1656 after it collided into one of the boats from its fleet and crashed into a coral reef near the Bahamas. The ship had been carrying a lot of cargo when it went under, and millions of items have been recovered for many years, from the 1650s to the 1990s. But the most recent discovery by dive teams found coins, jewels and gemstones that previously belonged to knights who fared the sea.

These items will be displayed later this month at the new Bahamas Maritime Museum.

NEWS ON THE COIN GRADING CLASS

GREAT NEWS!!!

The coin grading class will be held on October 22nd and 23rd.
We will have a full day on the 22nd and a shorter day on the 23rd.

So plan your schedule now!

More details on the cost and exact time will be announced shortly.
If you have signed up and still plan on attending, please let me know
as soon as possible, so that I can get a correct head count.
The class is limited to 20 people. Your materials will be supplied .
